SUMMARY

Disciplined dexterous junior developer with sysadmin experience and Master degree in Computer Engineering seeking transition to full stack developer. Believes clean, robust code is the key of productivity.
I have passion and big appetite on learning. I self-studied MCSE cert and AWS solution associate.
In free time, I play piano and build hobby projects on Raspberry Pi.

EMPLOYMENT

Ledcor Industries Inc., *System Administrator*, Vancouver

Oct 2013 - Current

Managing variety of windows, linux servers and network for Ledcor's 180+ offices across North America.
